I just returned from a workshop with Jane Kitson (aka Mother Goose).

The workshop was full of ideas, songs, poems, finger and puppet activities, that go along with a lot of what kindergarten is all about; Auditory Processing, Context Clues, Multiple Intelligence Learning, and, Sequencing, just to name a few areas that she covers in her workshops.

I left with my head spinning with all the ideas and the excitement of planning when and where I could incorporate them into my daily plans.

Feedback from the conference was very positive and someone suggested we consider inviting you back next year! Attendees left your sessions with a smile and hopefully they will take your activities back to their children.

Sincerely,

Lynn Mallinson, North Florida AEYC President

What can I say... we want to thank you so very, very much for the fabulous presentation you gave us on Oct. 3rd. here in Denver for The Early Childhood Christian Director's Association. The response has been overwhelming!! 90% of our attendees evaluations gave you a 5 rating (the highest). Comments were all very positive: "Interesting, high energy presentation", "very down to earth and helpful", "excellent, kept me excited to what more she had to say", "what enthusiasm", "wonderful ideas to take back to my classroom", "terrific speaker, please bring her back", "awesome, super ideas, fun and enthusiastic", "great ideas that I know will work with the kids", "I could have listened to her all day". I know my staff totally enjoyed both your keynote speech and your break out workshop as well. The information the attendees took back to their schools will be valuable for many years to come. We also appreciated the opportunity to have your CD's and tapes. They will be used often. Thank you for providing an exciting start to our school year! We would love to have you come again!

Sincerely,

Holly Davan
ECCDA President

Jane,

It is so great to finally put a face with a voice. We absolutely loved you. The committee thought you were great and so-o-o friendly. The conference attendees were to rate you 1-5 with 5 being the highest. Every single evaluation came in as a 5. Many comments were, "Bring her back." Many said they could hardly wait to get back to their school or child care to put into practice your wonderful ideas. You were a great motivation for many—just the shot in the arm that they needed. . There was not one negative comment.

Jane Kitson is an early childhood educator who provides practical child and teacher friendly experiences. Her workshops and keynotes for teachers are informative as well as creative. Often teachers are searching for new and creative ways to support the learning environments. Jane has hundreds of stories, songs and fingerplays that can be integrated throughout your day. I personally appreciate the way she integrates songs in her presentations. Dr. Thomas Moore Charlotte, NC

If you ever need a reference, please feel free to use me— as I said before, you were a BIG hit!!

Thanks Mandy Kirk Dir. of School Readiness Education
